Moscow Exchange Senior Developer

Moscow, Bolshoy Kislovsky st. 13 • moex.com

Currently working on development of rich web UI for the Exchange Information Fabric (prospective middle-cycle integration platform). UI provides means of visualisation and live monitoring of large amounts of data that is pushed from server at high frequency.

Sberbank CIB Integration Solutions Developer

Moscow, Romanov st. 4 • sberbank-cib.ru

- ① Full-featured real-time monitoring system for ESB
- ② SOA environment for low latency FIX-based intercommunication between front office and electronic trading platforms
- ③ Desktop client for e-FX

Sberbank of Russia acquired Troika Dialog

Troika Dialog Testing Expert

Moscow, Romanov st. 4 • troika.ru

Geophysical Centre of RAS Ph.D. Student

Moscow, Molodezhnaya st. 3 • gcras.ru

Geoinformatics Laboratory of Russian Academy of Sciences
Fuzzy logic analysis of multidimensional time series

Sun Microsystems QA Engineer

St. Petersburg, Rentgena st. 5a • sun.com

Astra Software Test Team Lead

St. Petersburg, Bolshaya Monetnaya st. 16

Enkata Technologies Test Engineer

St. Petersburg, Efimova Str. 4a, Suite 160 • enkata.com

State Polytechnic University Master of System Analysis

St. Petersburg, Politekhnikeskaya st. 29 • spbstu.ru

Faculty of Engineering Cybernetics / Dept. of System Analysis and Control
Diploma on quality analysis and control in strongly connected systems

State Polytechnic University Physics Bachelor

St. Petersburg, Politekhnikeskaya st. 29 • spbstu.ru

Faculty of Physics and Mechanics / Dept. of Experimental Physics
Diploma on high-energy transport of electrons from alloyed superlattice to widen quantum well

About

I am web front-end guru with more than 12 years of experience in JavaScript and related technologies. I have strong background in both core and enterprise Java, databases and other server stuff. My true passion is to create hi-responsive web apps with thought-out user experience based on bleeding edge technologies.

I have advanced knowledge in both structural and functional testing techniques. Experienced in quality assurance and testing process automation.

Fluent in English. Russian is native language.

Basic reading and writing skills in French and German.

Programming Skills

JavaScript (React, AngularJS, Backbone, jQuery etc.)

CSS (LESS, SASS and Stylus)

Java SE / EE (JAX-WS, JAXB, JMS and Swing)

Spring

Apache Camel

Apache Maven

Apache Ant

XSD, DTD and Relax NG

XSLT 1.0

SQL (Transact and Oracle PL-SQL)

MongoDB

PHP 4 – 5

Groovy

Scala

Perl (Guru of regular expressions)

Python

Software Skills

IDE (IntelliJ Idea and NetBeans)

OSGi (Apache ServiceMix, JbossFuse ESB)

Apache Tomcat

Apache ActiveMQ and Apache Qpid

Node.js

VCS (Git, Subversion and Perforce)

CIS (Hudson, CruiseControl)

Smart Bear TestComplete

Selenium (Java Driver, Core, Remote Control and Grid)

Borland SilkTest

OpenSTA

Reports

The 33rd General Assembly of the European Seismological Commission •

Moscow • gt.crust.irk.ru

European Association of Geoscientists and Engineers

Reported on fuzzy logic analysis of multidimensional time series

Second scientific conference Polar-2012:

Databases, Tools and Fundamentals of Polar Research •

Troitsk • izmiran.ru

Institute of Terrestrial Magnetism, Ionosphere and Radio Wave Propagation

Reported on fuzzy logic analysis of discrete time series

Scientific Conference of Young Scientists and PhD Students •

Moscow • ifz.ru

Institute of Electrophysics of the Russian Academy of Sciences

Reported on fuzzy logic analysis of discrete time series

International Workshop on Artificial Intelligence in the Earth's Magnetic Field Study •

Uglich • uglich2011.gcras.ru

Geophysical Centre of the Russian Academy of Sciences

Reported on fuzzy logic analysis of discrete time series

The 11th International Conference on Geoinformatics: Theoretical and Applied Aspects •

Kiev • eage.org

Institute of Electrophysics of the Russian Academy of Sciences

Reported on fuzzy logic analysis of discrete time series

International Conference Electronic Geophysical Year •

Pereslavl-Zalessky • elpub.wdcb.ru

Geophysical Centre of the Russian Academy of Sciences

Reported on Formation of Optimum Process of Quality Control in Strongly Connected Systems

The Week of Science and Academic Research of 2008 •

St. Petersburg

State Polytechnic University

Reported on Test Optimisation Strategies
